TAKE POSSESSION OF ARSENAL, POWDER FACTORY AND ENORMOUS SUPPLY OF WEAPONS.

DISTRIBUTE WEAPONS

Shanghai May Be The Scene of Serious Conflicts Between Rebels and Imperialists Yet—Hankow in Flames.

Shanghai, Nov. 4.—The rebels on taking possession of Shanghai obtained control of the arsenal powder factory, gunboats, and an enormous supply of Mauser rifles.

Ten thousand rifles were given indiscriminately to all applicants this evening.

The loss of the arsenal and the powder factory are likely to cripple Admiral Sui's operations as he depended upon them for supplies.

Two hundred American marines were landed today, and the American cruiser Albany has gone to Wu Sung.

BROWNE ADMITTED HE BORROWED MONEY TO HELP HIS DEFENSE

Says Lorimer Aided Him Financially Without His Giving Any Security.

[BY ASSOCIATED PRESS.]

Chicago, Nov. 4.—Leo O'Neil Browne, at the Lorimer investigation today admitted that Lorimer had personally loaned him money, without note or other security, as defense funds for Browne's trial.

Browne also testified that during his ten years in the legislature he had never heard of corruption of any kind. He said he didn't hear of a "kickback" until it was mentioned in the White story, and that he didn't pay any attention to White because in his mind he ceased to be anything recognizable.

DIVORCED HUSBAND KILLED CHILDREN

Led Them to Deserted Portion of City And Shot Them—Then Turned Revolver on Self.

[BY UNITED PRESS.]

Winthrop, Mass., Nov. 4.—Ludwig Jaeger took his two little girls from his divorced wife's home here to a secluded spot on Winthrop's shore drive this afternoon and shot them both. He then turned his revolver on himself. Both girls died and Jaeger is dying.

M'NAMARA'S TRIAL IS PROGRESSING SLOWLY

Importance of the Decision of Columbus Court Causes Delay in Examining Jurymen.

[BY UNITED PRESS.]

Los Angeles, Nov. 4.—Because of the supreme importance of a decision by the Indianapolis courts regarding the disposition of the alleged evidence in the McNamee case, both sides in the trial had united in securing an adjournment of the actual trial until Monday. As a result today's session was devoted by Judge Broadwell to qualify a new venire of forty summoned in the case.

GERMANS DISPLEASED WITH TREATIES MADE

Not Satisfied With the Outcome of The Treaty with France and Territory Lost.

[BY UNITED PRESS.]

Berlin, Germany, Nov. 4.—The downfall of Chancellor Bethmann Hollweg's government is generally predicted here today as a result of German dissatisfaction with the terms of the Franco-German Moroccan agreement. It is declared that the territory in the French Congo, ceded by France to Germany falls far short of compensating the latter for the rights it has surrendered in Morocco. The public's temper is not improved by reports of rejecting in France over the Paris government's diplomatic victory.

ARE TO VOTE AGAIN REGARDING STRIKE

English Trainmen Will Decide Matter of Strike by Special Voting.

[BY UNITED PRESS.]

London, Nov. 4.—The executive committee of the British railway unions today decided to vote on the British referendum whether to declare a general strike on all British roads. The ballot will be returnable on Dec. 5. The railroads were tied up last summer but the men returned to work on promise by the commission to settle their differences with the railroads. The commission, however, was undoubtedly dominated by employers, and its returns have been rejected by most of the union leaders.

TRACTION COMPANIES JOINED IN MERGER

Milwaukee Capitalists Buy Green Bay Electric Road to Unite With Other Properties.

[BY UNITED PRESS.]

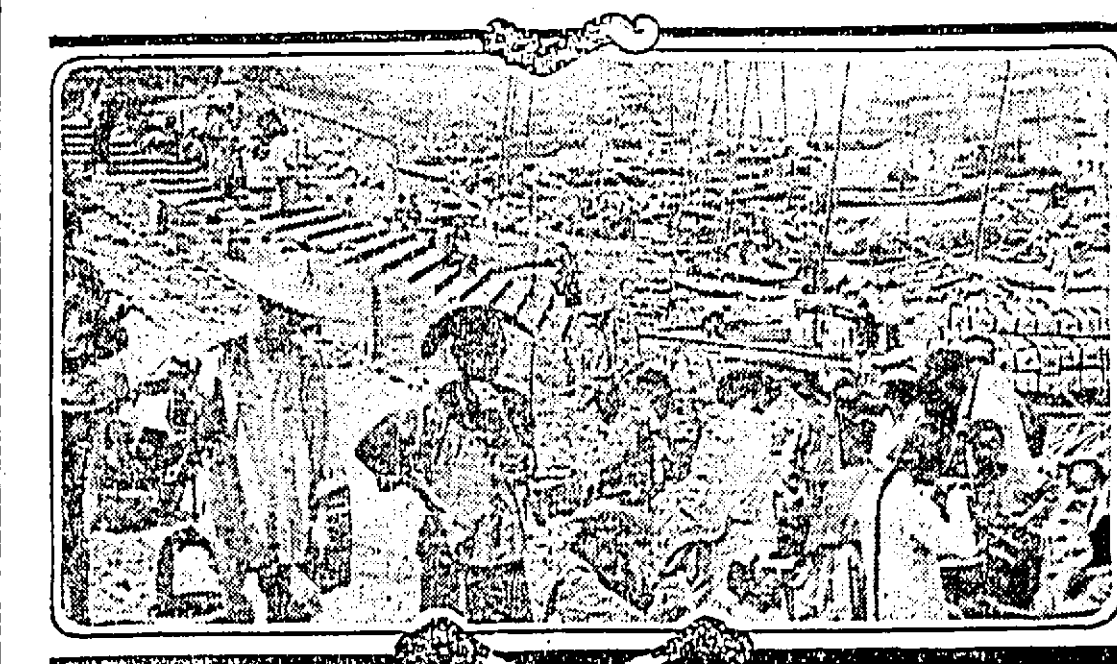

Green Bay, Wis., Nov. 4.—Representing himself and other Wisconsin capitalists, Clement C. Smith of Milwaukee has taken over the Northern Illinois Electric Company, Green Bay Traction company and the Green Bay Gas and Electric company, a portion of the property to be consolidated under the name Wisconsin Public Service Co. The properties will be directed by Smith in connection with other vast holdings in Wisconsin now under his control.

SEEKING EVIDENCE THAT MAY DEVELOP TANGIBLE CLUES

Chicago Police Admit That They Have Nothing Definite To Hold Mrs. Vermilya On.

[BY ASSOCIATED PRESS.]

Chicago, Nov. 4.—The police admitted today that they have nothing but circumstantial evidence against Mrs. Vermilya in connection with the death of Arthur H. Hays Sulzberger. That there is nothing to show that she ever had access to her home nor that any of the other deaths among the woman's friends resulted from any but natural causes.

Seek Evidence.

They are convinced however, that the body of Richard T. Smith will either confirm or disprove the police's theory that Mrs. Louise Vermilya is responsible for the death of nearly half a score of friends and relatives. Corporal Hoffman and Dr. Leconte, an expert on post mortem examinations, left here today for North Henderson, Ill., to examine the body of the former Illinois Central railroad conductor. Smith died at Mrs. Vermilya's home on March 11, under circumstances very similar to those attending the last illness of Policeman Arthur Hays Sulzberger. Chemical analysis of Sulzberger's internal organs indicated he had died from arsenical poisoning.

Big Airship "Akron" Launched Successfully at Atlantic City Today.

[BY ASSOCIATED PRESS.]

Atlantic City, Nov. 4.—The big dirigible airship "Akron," under command of Melvin Vanaman, and carrying six passengers, today made a trial flight over the city and ocean, landing five miles from here. It traveled with express train speed and was perfectly controlled.

AKRON YOUTH HELD FOR BANK SHORTAGE

Citizen's Bank Closes Its Doors With Shortage of From \$25,000 to \$30,000—Deposits of \$100,000.

[BY UNITED PRESS.]

Rochester, N. D., Nov. 4.—The Akron, Ind., Citizen's Bank with deposits of more than \$100,000 was closed today on orders from the Indiana state auditor, and Howard Harter, son of Andrew Harter, president of the bank, is said by the police, to have admitted a shortage of between \$25,000 and \$30,000. The bank is now in voluntary custody of the sheriff.

ROBBER GETS AWAY WITH BANK FUNDS

Hedger, Montana, Bank Robbed of \$1,075 by Lone Man Who Makes Good His Escape.

POWERS OBJECT TO SOLDIERS' CRUELTY IN AFRICAN WAR

Says Italians Kill Women And Children in Tripoli And May Enforce Demand With Arms.

[BY UNITED PRESS.]

London, Nov. 4.—Italian cruelty in Tripoli and wholesale massacre of men, women and children now being engaged in by the Italian troops in northern Africa may lead very shortly to a concerted demand by the powers that Italy observe the rules of civilized warfare.

Some of the European powers, it can be stated with definiteness, have sent notes to the various foreign governments, sounding the continental governments upon their attitude in making a formal demand that these barbarities cease, and then to force compliance with this demand with armed strength if necessary.

CROP REPORT SHOWS SUCCESSFUL SEASON

Crops in Central, Western and Northern Part of State Better Than Those in Southwestern.

[BY ASSOCIATED PRESS.]

Madison, Wis., Nov. 4.—The crops in the central, western and northern parts of the state show a better yield in 1911 than in the southwestern, but because of the excessive rainfall in some parts the quality was impaired, says the final farm crop report of the state board of agriculture today. Potatoes, tobacco, corn and sugar beets were the most successful of the season, potatoes making an exceptional yield of 124 bushels per acre. The apple crop is exceptionally good over the entire state and probably a larger number of bushels than ever before will be harvested.

Yield per acre: Wheat 18 bushels, 10, barley 27, oats 34, buckwheat 10, flax 10, corn (shelled) 40. Quality (per cent): Wheat 85, rye 92, barley 83, oats 86, buckwheat 88, flax 97, corn 22.

RELIGIOUS FANATICS MADE SUICIDE PACT

Letter Couched in Biblical Terms Proves Theory of Suicide For Father, Mother and Small Son.

[BY UNITED PRESS.]

Chicago, Ill., Nov. 4.—When a real estate agent calling at the home of Henry Latsch to collect the rent to day, received no answer in response to repeated knocks, he summoned a policeman and on entering, the two found Latsch, his wife and small son dead. Evidence about the place indicated that the family, who were religious fanatics, had carried out a suicide pact. A queerly written letter couched in biblical verbiage, proved the theory. Death had been caused by some purgative drug after the family had starved a week, according to the letter. The condition of the bodies made it evident they had been dead more than a week.

FOUR MAY DIE FROM INJURIES RECEIVED

Chicago Tenement Structure Destroyed by Fire With Fatal Results It Is Feared.

[BY UNITED PRESS.]

Chicago, Nov. 4.—A fire early today gutted the Olney tenement structure in which they lived, Abraham Tabin, age 27 years, stepped to the window of his room on the third floor, muttered a prayer and leaped with his arms clasped about his two children. A moment later his wife also jumped. The mother and father each broke both of their legs and are now dying. Their little daughters Cecelia, aged 2, and Anna 7 months, will probably die. There was one narrow hall in the building and escape was cut off. Six other families were rescued unhurt. The fire is believed to have been incendiary. Seven firemen were overcome by smoke.

GOVERNMENT LOSES ITS FIRST POINTS

Court Holds That Higher Courts Must Pass Upon Matter of Handling the Papers.

[BY UNITED PRESS.]

Indianapolis, Nov. 4.—The United States authorities here today temporarily lost their battle to obtain possession of the books and documents of the International Bridge and Structural Iron workers for the purpose of making a federal investigation of the dynamiting charges involving John L. and James H. McNamara. In a hearing on a petition filed by the iron workers' attorney before Judge Hammer the court held that in view of the fact that the iron workers had perfected an appeal from the decision of Judge Markey, surrendering the evidence to the federal authorities all questions relating to the surrender should be passed upon by higher courts.

BELOIT TEAM WON BY VERY NARROW MARGIN

Second Team of Beloit College Downed High School Players Six to Nothing.

Beloit, Wis., Nov. 4.—While the Beloit second eleven won for Janesville high school this afternoon by a score of six to nothing the game was a great credit to the local players who handled themselves like veterans and held their bigger and brierier opponents for downs, did some excellent tackling and kept on the move all the time. Beloit scored in the first quarter.

STOLE THE SOLDER BUT DIDN'T MEAN TO

Nevertheless, Ernest Linns Gets Thirty Days After Making a Qualified Plea of "Guilty."

"I suppose I did take the bars, but I didn't do it intentionally," was the sole defense made by Ernest Linns before Judge Philo this morning when he was read the warrant charging him with the theft of eleven sticks of solder, worth \$7.50 from the Sheldon Hardware store.

Linns had been in the employ of the Sheldon company for about two months assisting the regular force in setting up stoves. Nothing suspicious had been noticed about the man's conduct until yesterday when he tried to sell eleven bars of solder to C. E. Cochrane, a plumber, and also to the McNamara hardware store. Mr. Cochrane knew that the man worked for Sheldon and his suspicious being aroused, telephoned the store. Investigation disclosed the fact that several bars of solder were missing, the police were notified and Linns was arrested soon afterward with the stolen property in his possession.

Linns admitted that he had been drinking heavily of late, since the death of a little daughter. His family lives in Boston and he came to Janesville from New York. He claimed that he had never been arrested and in court before.

Judge Philo imposed a sentence of a fine of \$20 and costs or thirty days in jail. He took the jail sentence.

SENDS THANKS FOR THE FUNDS RAISED

Gazette is Asked to Thank Citizens of Janesville in Behalf of Black River Falls Flood Sufferers.

[BY UNITED PRESS.]

In a letter from J. H. Lewis, who has charge of the relief funds that are raised for the Black River Falls flood sufferers, the Gazette is asked to thank those who contributed to the fund of \$174 which was contributed in this city and forwarded to State Treasurer Dahl some days ago. Treasurer Dahl's receipt accompanied the letter.

The Gazette has also received eleven dollars more raised by the U. C. T. members, which will be forwarded later.

ELECTIONS TUESDAY IN SEVERAL STATES

NEW MEXICO, MAINE, MARYLAND, RHODE ISLAND AND UTAH TO CAST BALLOTS.

TAMMANY RULE ISSUE

Hearst to Contest With "Boss" Murphy For Control of the State—Red Hot Campaign in Philadelphia.

[BY UNITED PRESS.]

New York, Nov. 4.—The question of Tammany or not Tammany is the real issue of the New York election next Tuesday. A sheriff, four judges and members of the general assembly, are to be elected. It is known that Murphy is struggling to win out for his organization, Tammany, and has bitter opposition.

Gorman Expects to Win. Baltimore, Mr., Nov. 4.—State officers are to be elected here on Tuesday. The real fight is between Gorman and Anti-Gorman democrats and Gorman expects to win with his faction.

First Election. Santa Fe, N. M., Nov. 4.—New Mexico holds its first regular election since admitted to the Union on Tuesday and has a full state legislative and congressional ticket.

Where the Woman Vote Counts. Salt Lake City, Utah, Nov. 4.—The city is to hold its first election under the commission form of government next Tuesday. Mayor John S. Brunsford, representing the American party, is a candidate for re-election and is opposed by E. O. Leatherwood, Republican. The result may depend upon the vote of the women, who possess the right of suffrage in Utah.

In the Buckeye State. Columbus, O., Nov. 4.—Interest in the Ohio elections next Tuesday centers chiefly in the choice of delegates to the convention which will meet here in January to revise the state constitution. No state officers are to be elected this year. In Cincinnati, Cleveland, Columbus and some of the other principal cities spirited contests are attracting attention.

East Side Claim Rhode Island. Providence, R. I., Nov. 4.—Rhode Island will hold her annual election for governor and other state officers Tuesday. The campaign has been conducted on broad party issues. Governor Aram J. Pothier is running for a fourth term on the Republican ticket. The Democratic ticket is made up of five young men, none of whom has ever held a political office. The candidate for governor is Lewis A. Waterman of this city, who let the party last year. The result of the election is regarded as uncertain, in view of the fact that last year Governor Pothier won out by a scant plurality. Under the circumstances, with the same candidate heading the ticket, the Democrats naturally have strong hopes of victory next week.

National Issues in Bay State. Boston, Mass., Nov. 4.—Of the various State elections to be held next Tuesday it is generally conceded that the contest in Massachusetts is more involved than any other with the national campaign of next year. Eugene N. Foss, whose success contemplated the straw which pointed the way to Democratic control of the lower branch of Congress when he was elected to fill a vacancy from a Republican district several months before the 1910 landslide and who subsequently left his seat in Congress to become the Democratic governor of Massachusetts, is a candidate for re-election. The Republican candidate is Louis A. Frothingham, the present lieutenant governor, and a man who for years has been popular among the people. National issues have been injected into the campaign on both sides. The Republican, under the leadership of Senator Lodge, have been making a mildly progressive campaign. The Democrats are combating the Taft tariff vetoes, and whichever way the election results the victorious party is certain to make the most of it for moral effect on the country, preliminary to the presidential race.

EAST AND WEST ARE WATCHING RESULTS

Princeton versus Harvard—Minnesota Versus Chicago Are Big Football Games.

[BY UNITED PRESS.]

Osbome Field, Princeton, N. J., Nov. 4.—Before 30,000 cheering enthusiasts, Harvard and Princeton met here today in the first football game they have played in fifteen years. Harvard went into the game favorites by getting off 10 against 7. At the end of the first quarter the score was 0 to 0. Princeton gained a touchdown in the first part of the second quarter and kicked goal. White of Princeton made a sensational 80 yard run setting the Princeton rosters wild.

At the end of the third period the score was Princeton 8, Harvard 0.

FINAL SCORE. Princeton 8, Harvard 0. FIRST HALF. Minnesota 14, Chicago 0. At Minneapolis.

Minneapolis, Minn., Nov. 4.—Twenty-five thousand yelling human beings massed in the grandstand of the Minneapolis University Athletic field this afternoon to see the big game of the "Big Eight" conference—Chicago vs. Minneapolis.

Before the game local betting odds ran 5 to 4 in favor of Minneapolis. At the end of the first quarter the score was: Minnesota 8, Chicago 0.

No Agreement. It is strongly doubted here, however, whether any agreement can be reached. Though prepared to make enormous concessions, Premier Yuan is firm for the preservation of the monarchy. Unless the rebels have undergone a change of heart, General Li will compromise nothing less than a republic.

Claim Victories. Following yesterday's capture of the native quarter of Shanghai, the revolutionists occupied the upper river fort at Yu Sing today. The Imperialist

garrisons surrendered without resistance. Good order continues in Shanghai. The rebels claim that 10,000 Imperialists have been killed at Hankow since October 1.

At Hankow. Hankow, Nov. 4.—The entire native city of Hankow was on fire this morning and it is feared that the Wesleyan mission, in which fifty blind boys, and a hundred and fifty wounded persons, as well as a hundred members of the mission staff, was destroyed. A Red Cross steamer which attempted a rescue was driven back by the rebel guns.

Leave It to Troops. Peking, Nov. 4.—Replying to the request of the National Assembly for a suspension of hostilities pending negotiations, General Li Yuan Heng, commander of the revolutionists, says it is better to leave the final arrangements of the dynasty and rebels in the hands of those doing the fighting.

Announcement Made: Cards have been received announcing the coming marriage of Miss Donald Reals of Birmingham, Alabama, on November 22, to Mr. Robert Leo Gregory. Miss Reals has visited in Janesville several times and has many friends here.

Chicago, Milwaukee & St. Paul.

A. A. WILSON HAS SECURED NEW OFFICE

Former Division Freight Agent for This Division Made Commercial Agent.

Following a conference of officials of the Chicago, Milwaukee & St. Paul road, on last Tuesday, in Milwaukee, it was announced that A. A. Wilson, formerly division freight agent of this division, with headquarters in Chicago, had been appointed commercial agent in Milwaukee.

Mr. Wilson is well known among the shippers of this city and the news of this good fortune will be the cause of much rejoicing on the part of those who, for some time past, have considered him a man capable of receiving any promotion that might come his way.

Mr. Wilson will be associated with W. H. Dodsworth, general agent of the road in Milwaukee, and began work in that city on November 1st.

At the above conference the general car situation was also discussed and it is thought that the present shortage of good order cars will be relieved shortly.

Those present at the conference that meant so much to Mr. Wilson, were: H. E. Pierpont, general freight agent, Chicago; P. C. Eldridge, well known here in Janesville, being assistant general superintendent; Mr. Dodsworth and Mr. Wilson, both of Milwaukee.

Men Busy at Shops.
With three engines in the repair shops here in Janesville the mechanics and men at the shops are extremely busy. The engine situation on the entire system is one of great discussion, as at this time of the year more engines have failures than at any other time. The Milwaukee road is endeavoring to dispose of the smaller engines and replace them with engines more efficient. The engines that are now in the shops are 1641, 1371 and 129, which are being overhauled as fast as possible as the increasing freight traffic at this particular point demands the use of all the engines not assigned to the regular runs. Freight traffic on the Milwaukee road has not been so heavy for a long time and the abolishing of the yardmaster's office was practically a failure here, if not in the other large cities on the system, as this morning Yardmaster Kelly returned to work and reported all the work that one man could handle and that it would be impossible at this point to try to get along without a yardmaster.

Chicago & Northwestern.
Engineer Edwards brought engine 1330 from the north this morning, running as second section of 500, carrying fish to Chicago.

Extra heavy traffic on 534 necessitated the doubleheading of the train from Madison to Chicago, and Engineer Lewis and Fireman Prosser were detailed with engine 213 to do the job.

NEW CLOTHING FIRM HAS BEEN ORGANIZED

Al. Smith & Co. to Have New Store on River Street to Be Opened Shortly.

Janesville is to have a new clothing store, to be located on River street, between Milwaukee and Pleasant street in the new building being constructed. Al. Smith & Co. is the firm name and they expect to be open and ready for business within a short time. Mr. Smith has been employed in the Brown Bros. store for some years past and is well known and very popular.

MEN'S ROOM PLANNED FOR PUBLIC LIBRARY

Reading and Smoking Room to Be Fitted up in Basement.—Very Popular in Other Cities.

At a meeting of the library board recently it was decided that the large room in the south end corner of the basement should be fitted up for a men's reading and smoking room. Owing to the fact that no money can be raised at present, the materials on hand will be used exclusively and as the room is now in very good condition, these will be sufficient. All the daily papers will be on file there and many of the popular magazines.

This room, which will be open to any man over eighteen years of age, will furnish an excellent place where those who are employed in the factories nearby and are forced to bring their dinner with them, may spend the hour very pleasantly, and profitably. Many men who have spare time during the day do not patronize the public library because they do not have time to change their clothes, but this objection will be removed by the men's room.

Other cities have these rooms, and they are well patronized. Jacksonville, Mich., which is a large manufacturing town, the men's reading and smoking room also so well fitted up and so much used as the rest of the building, is also very popular.

It is thought that the room can be fitted out complete and the ventilators installed within a month or six weeks. Two months at the outside will see the new part of the library in operation. Only a few books will be placed in the room besides the papers and magazines, at first but as the call increases, more will be put in.

DEEP PURPLE STRONG AS TO CHARACTERS

Tale of the Underworld Given at the Myers Theatre Last Evening by Capable Company.

From the opening scene in the basement parlor of Kate Fallon's rooming house in New York, the house of a reformed confidence woman, the absorbing tale of "Deep Purple" is unfolded. The play, which is the strongest act in the same dramatic line, the audience which attended Paul Armstrong's new play, "Deep Purple" at the Myers Theatre, enjoyed a bit of fine acting as has been seen here for many months.

The play itself is a strong one, but the clever work of Annie Sutherland as Kate Fallon and Harry Hillard as William Lake would have made any production a success even without the other strong actors and actresses that made up the cast. "Deep Purple" is a study of the emotions and workings of the underworld and the masterful way in which the lines were interpreted, the perfect stage settings for each scene, only added to the play itself. Such productions deserve packed houses.

OBITUARY.

Mrs. H. J. Howe.

Mrs. H. J. Howe died suddenly early this morning at the home of Willard Skelly, 712 Milwaukee avenue, death being the result of an attack of heart failure. The deceased had also suffered for a long time with asthma.

Mrs. Howe was forty-nine years of age yesterday. She has been a resident of Janesville for a long time and for seven years was the companion of Mrs. Sarah E. Ray, who resides at 314 Locust street. Surviving her are two brothers and a sister. One brother, Elmo Howe, and her sister, Fannie Howe, live in Hough and Ready, California, and the other brother, Henry, lives in Orfordville.

The remains will be taken to Orfordville over the St. Paul railway this evening and funeral services and interment will be held there.

Mrs. Margaret Allen.
Funeral services for the late Mrs. Margaret Allen will be held tomorrow afternoon at the home, 115 South Third street, at two o'clock and at Trinity Episcopal church at 3:30 o'clock. The Rev. Father Henry William will officiate. The remains will be laid to rest in Oak Hill cemetery.

Law Would Have Barred Author.
Dean Stanley's handwriting was atrocious. The late Lord Lytton handed in an amendment to the tory reform bill of Lord Derby. The clerk at the table could not read it, nor could any one else. At last, Lord Lytton—a rare scholar and an accomplished man of letters—was asked to read it himself. He explained that, though he could not pretend to read the text, its purpose was to enact that no man should be admitted to the poll unless he could sign his own name in legible handwriting.

As Age Steals On.
"You are young and I am old," Tolstoy is quoted as saying to an interviewer, "but as you grow older you will find, as I have found, that day follows day, and there does not seem much change in you, till suddenly you hear people speaking of you as an old man."

Her First Literary Efforts.
The early literary composition of the late Mrs. Craigie (John Oliver Hobbes) took a somewhat peculiar form. She wrote love letters for the servants and the unconventionality of these epistles led to frequent quarrels and misunderstandings between the lovers.

Dr. Vicente Santoni, Graduate Of the Medical Faculty of Paris, Recommends Peruna.

DR. VICENTE SANTONI.

The undersigned, Dr. Vicente Santoni, of the Medical faculty of Paris, practicing in Ponce, Porto Rico, certifies:

That he has been using the preparation known as Peruna for some time, for catarrhal diseases, always obtaining excellent results. That it is a good preparation and he will always use it in cases for which it is adapted.

Dr. Vicente Santoni, Ponce, Porto Rico.

Cough and Lung Trouble.

Mr. Armando J. Perez, Galliano, 75, Habana, Cuba, writes: "I write to tell you of the marvelous results that I have obtained from your remedy, Peruna, of expectation due to congestion of the right lung. I took a great many different well-known medicines, and when I had lost all hope of being cured, the eminent and illustrious Dr. Rafael Alvarez Bruno recommended Peruna. In doses of one tablespoonful before every meal. At the end of the first bottle the expectation had completely disappeared, and I took four more bottles to cure myself completely. I now give a good glass of Peruna to my children and my wife. I have suffered four months from this cough, and I have been unable to take the Peruna with the result that the cough disappeared on the third day."

Good Results from Peruna.

Pedro Lopez, Pajardo, Surgeon, and Condit, writes from Mayaguez, Porto Rico, as follows: "I recommend Peruna to my patients because it is good, but to my patients because it has always given the best of results in every disease for which it is recommended."

Pedro Lopez, Pajardo, M. D.

Peruna His Prescription.

Testimonial of Dr. Esteban Vidal y Rios, office Ponce, Porto Rico, Doctor of Medicine and Surgery of the University of Madrid, Honorary member of the Faculty of Medicine, Catalonia, Spain. His practice in the hospitals of Barcelona has been admitted to the bar of Porto Rico.

"I certify that I prescribe Peruna, a remedy for pulmonary diseases, mentioned by the Peruna Co., of Columbus, Ohio, P. O. No. 1, and that I have been surprised by the quick, sure results and its good pharmacological formula."

E. Vidal y Rios, Ponce, Porto Rico.

The Sick Man's Friend.

Mr. Frederick E. Smith, Room 218, Grand Hotel, St. Louis, Mo., writes: "Peruna is the best friend a sick man can have. A few months ago I came here in a wretched condition. Exposure and dampness had ruined my once robust health. I had catarrhal affection of the bronchial tubes and for a time there was a doubt as to my recovery. My good, honest, old doctor advised me to take Peruna, which I did, and in a short time there was a doubt as to my recovery. My bronchial trouble gradually disappeared and in three months my health was fully restored. Accept a grateful man's thanks for his restoration to perfect health."

Ancient Mirrors.

A French investigator has lately interested the French Academy of Sciences in his researches concerning the glass mirrors which were used in ancient times in Egypt and in Thrace. They were backed with a highly polished metal, the nature of which has been in question. It has now been ascertained that the metal was almost pure lead, and it is believed that the method of manufacture was to pour the molten lead on the concave surface of disks cut from balloons of blown glass. In consequence of their shape, the mirrors minimized the images of objects looked at in them.

Blood Humors

Commonly cause pimples, boils, hives, eczema or salt rheum, or some other form of eruption; but sometimes they exist in the system, indicated by feelings of weakness, languor, loss of appetite, or general debility, without causing any breaking out.

They are expelled and the whole system is renovated, strengthened and toned by

GIVES ITS CONSENT TO FLUSHING SEWERS

Water Company Advises Mayor Nichols That It Will Allow Work to Be Done As Soon As Weather Permits.

The Janesville Water company notified Mayor Nichols today that it would permit the city to open the fire plugs for the purpose of flushing sewers as soon as the weather became warm enough to make danger from freezing improbable. The company will send a man with Street Commissioner Wilkins to assist in the work and put the hydrants in shape after it is completed.

No objection was ever made by the company to flushing the sewers other than the fact that they had already picked the fire plugs and did not want to risk having them freeze up, and as soon as arrangements could be made whereby that danger would be avoided they gave their consent.

JOE HARRIMAN

SOCIALIST CANDIDATE FOR MAYOR.

Los Angeles.—Joe Harriman, the socialist candidate for mayor received more votes than either of the opponents in the recent primary election but did not receive a majority of the votes cast. For this reason the issue will not be settled until the election in December. Harriman has been active in socialist and labor circles for many years on the coast.

SPORTS

SPORTING EVENTS OF THE COMING WEEK

Events For The Coming Week Few, But Promise to be of Great Local Interest.

Although the sporting calendar for the coming week does not list any unusual events; nevertheless the coming week will prove an epoch making one in many ways, as things are assuming a more definite shape and no doubt some events will be the most interesting thus far this fall and winter.

Although it was the hope of Athletic Director Welch, of the Y. M. C. A., to have organized various teams the past week, the material in hand was not deemed sufficient to come to any definite conclusions in regard to the basketball teams, but as the boys who have played in the different teams in years past, are becoming more and more interested it will be, without a doubt, a week that will show much improvement over the former ones, in spite of the fact that no regular games will be played.

The older members of the "Y" are flocking to the rooms now more than usual and with the promising new material, it is the hope of Director Welch that things will assume definite shape before the coming week passes. At the various classes which have been in progress for some time basketball has been included in a considerable extent and Mr. Welch states that the outlook for the year is exceptionally promising. With the new gymnasium floor at Milton, which is one of the best, it is hoped that a series of games will be inaugurated between the team of that college and a representative team from the association here.

When all the teams at the Y. M. C. A. are organized, it is thought that there will be about eleven teams all together, and from this large amount of material, an excellent team can be culled to represent the Association at various out-of-town games.

The Lakota Club has not made any plans for a team as yet other than deciding that they will have a team from the different members and that the material there is promising, many of the former players being with them again this season.

Howling the past week proved to be a general surprise to all, the Greys reaching the coveted first place by beating the Maroons Friday night. Much excitement prevailed all the week and with the contest still practically in its infancy, many different surprises are in store for the followers of that fascinating sport.

The sad accident that befell William Klue, a member of the Cardinals, cast a gloom over the entire roster of players, not only the competing leagues but over all the friends and acquaintances of his who expressed their sympathy for him, realizing that his bowling days are over forever, only when he will be able to be out again he will, with his usual optimistic way be right on hand to boost and cheer the players in the various leagues.

It was hoped at first to save Mr. Klue's foot but complications set in and the foot was amputated Thursday at the Mercy hospital. He was an excellent bowler and an enthusiast of the team. The man who has been chosen to take his place with the Cardinals is John O'Grady and in him the Cardinals will find an excellent man, one who is playing the game all the time.

Next Monday, the Browns meet the Blues; on Tuesday the Maroons and the Cardinals clash and on Thursday night the Reds will try to wrest the first station from the mighty Greys. As the entire percentage list has almost been changed, the coming week will be one of unusual interest as the various teams that were forced down the ladder the past week, will endeavor to re-instate themselves to their former positions. The Greys are ahead at the present time with a total of twelve games played and only four lost.

SENATOR ILL IN PANAMA.

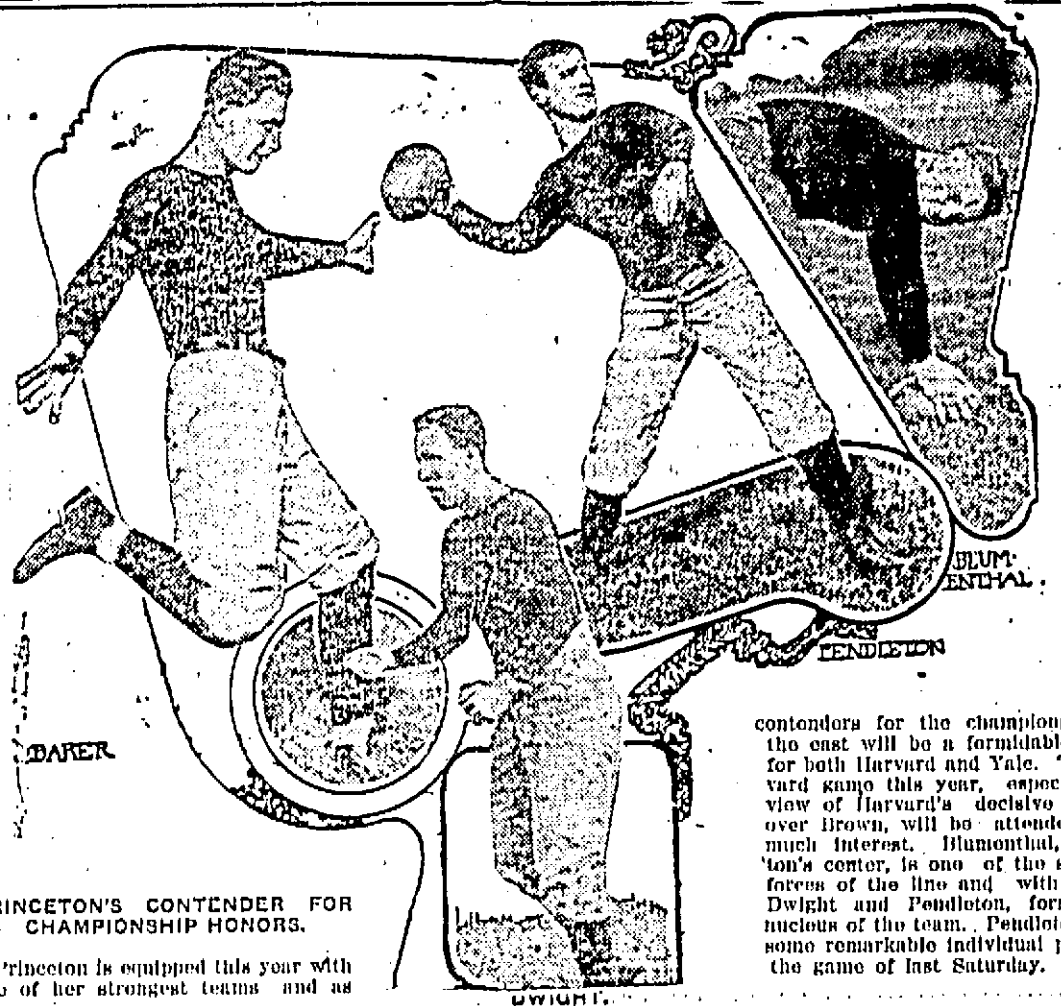

Washington, D. C.—Word has been received here that United States Senator George Peabody Wetmore of Rhode Island is seriously ill with pneumonia in the Panama Canal Zone. His family has been telegraphed to come to him at once.

With several other senators, Mr. Wetmore went into the Canal Zone studying conditions as regards the future oceanic problems in connection with his work as United States Senator. They have been in the Canal Zone several weeks and were to have started home next Monday.

Glad to Cat Rats to Cat.
During the siege of Paris rat pies were largely eaten. The Paris Journal, in the month of December, 1870, gravely published directions for catching the rats, which swarmed in the sewers of the city. "Take," said the Journal, "a long line and a large hook; bait with tallow and gently agitate the rod. In a few minutes a rat will come and smell the savory morsel. It will be some time before he decides to swallow it, for his nature is cunning. When he does, leave him five minutes to meditate over it; but be calm, and do not let his excitement gain on you; draw him up—and behold your dinner!"

PRINCETON'S CONTENDER FOR CHAMPIONSHIP HONORS.

Princeton is equipped this year with one of her strongest teams and as

contenders for the championship of the east will be a formidable enemy for both Harvard and Yale. The Harvard game this year, especially in view of Harvard's decisive victory over Brown, will be attended with much interest. Blumenthal, Princeton's center, is one of the strongest forces of the line and with Baker, Dwight and Pendleton, forms the nucleus of the team. Pendleton made some remarkable individual plays in the game of last Saturday.

POSTPONE TRIAL OF CITY VS. CROSSMAN

Defendant Has Cleaned Dirt Out of Gutter And Has Agreed to Move What Remains Inside the Curb.

By an agreement between City Attorney Maxfield and Attorney Cunningham, counsel for the defendant, the case of the City vs. H. P. Crossman has been adjourned until Nov. 18. The defendant has already cleaned the dirt out of the gutter on South Washington street and that which has been piled on the terrace inside the curb will also be removed as soon as the owner of the property, who lives in Cleveland, Ohio, can be communicated with. The cost of the latter work will be defrayed by him. Street Commissioner Dan Williams is determined to prosecute all who are offending the city ordinance prohibiting the piling of dirt in the street unless they take warning and promptly remedy conditions.

FORMER JANESVILLE BOY IS PROMOTED

Fred Schooff, Formerly of This City, Is Transferred to Office in New York City.

Fred Schooff, a former resident of this city, who was connected with the Green Tobacco company here for some time, and later was given the management of the A. WILD MALLARDS WERE ONLY TAME DECOYS

Pair of Ducks Caught Near St. Paul Depot Last Night Belonged to Charles Snyder.

It appears that the pair of wild mallards that were captured by James Hunt and E. J. Bennett last evening near the St. Paul depot were a pair of tame mallard decoys that Charles Snyder, who lives on North Jackson street, has had for the past ten years. The ducks had been flying about the neighborhood and reached the vicinity of the St. Paul depot where Hunt and Bennett spotted them and made the capture. Mr. Snyder reports that when he learned they had been caught to-day he found they were ready for the oven and while he regrets their loss he thinks the joke is on the men who caught them.

BRIEF LOCAL NEWS.

Dug Deep Well: M. E. Peterson of Madison transacted business here to-day between train enroute home from a business trip in Iowa. Mr. Peterson and son, Guy, have recently finished the drilling of a deep well for the city of Corydon, Ia., and stated that it was necessary to drill over thirteen hundred feet in that locality before water could be found in sufficient quantity.

Marriage License: A marriage license was issued this afternoon to William Habyer of this city and Miss Alvin Dickoff of Milton Junction.

"Made in Janesville" will be a slogan that will not soon be forgotten and the various exhibits of the leading Janesville industries will give everyone a better idea of what this city produces than could be obtained in any other way.

Outside firms are taking considerable interest in the local show and the Iron Trade Review of Cleveland, a trade paper that reaches both the retail and wholesale trade throughout the country, had an extended article on the coming exhibit in a recent issue.

Mr. Lane has also received several applications for space from outside firms that have agencies or whose products are sold in this city, but as the local firms took these all up nothing has been done about anything but Janesville made goods making a showing.

The exhibit is to be open afternoons and evenings and in the evenings the band will give concerts. The raft and side walls have been most tastefully decorated by Edward Amerpohl and present a handsome appearance. The booths will not be put in place until the 19th.

DR. STEINER WILL SPEAK HERE TONIGHT

Famous Immigrant Authority And Author to Deliver Address at the Presbyterian Church.

Dr. Edward Steiner, the famous authority on immigration and its bearing on sociological and economic problems, will lecture at the Presbyterian church tonight. He is a widely-read author, a pleasing speaker, and has a life history which reads like a romance. At the age of eighteen he came to this country with a group of Slovak immigrants from Hungary, spending his first years in the mines of Pennsylvania and Illinois. He is a converted Jew and will tell his story off-hand.

HAS MOVED HIS OFFICES

Just W. Scott has moved his Real Estate and Insurance business from the Phoenix Block, where it has been located for some years, to Suite 424-425 Hayes Block, where he has fitted up commodious quarters.

Mr. Scott's many clients will appreciate this move on his part, as it makes his office easier of access, and by having more room at his disposal, will make it possible for them to have more privacy in consultation than was possible by the former arrangement.

Mr. Scott will be glad to meet all of his former clients, and any new ones who may wish to consult him at his new offices.

IT'S GOING TO BE A COLD WINTER

Past experience and the weather man, together with the trees, birds and animals, all go to show that we are going to have a long, cold winter. Knowing this, it stands to reason that we are prepared for it. When the cold and wintry winds are sweeping the snow around the corners, and buffeting the pedestrian this way and that, it is nice to know that when we get to our homes we will find warmth and comfort, brought about by having provided against such discomfort in advance.

Now is the time to do this, and the best way in which to do it is to stop into the new and up-to-date hardware store of E. W. Lowell on East Milwaukee street, opposite the Myers Opera House, and have him send up one of those incomparable Acorn Heating Stoves.

With one of these stoves in your home you can defy old boreas in his worst temper and laugh him to scorn.

This stove is also indispensable for fixing heating furnaces and kicking heating stoves, and anything else in the hardware line which needs fixing.

TALK TO LOWELL.

A Common Insulation. Nearly every man who does not possess an automobile takes it upon himself to explain now and then that he could have one if he didn't pay his debts.

Special Meeting: The special hour for men at the Y. M. C. A. tomorrow afternoon from 3 to 4 o'clock is open to all. A. S. Krotz of the Janesville Machine company will speak on the subject, "The Will and the Way."

There will be special music and short talks. An orchestra consisting of piano, cornet, two violins and cello will play. Every man is urged to bring a friend.

Charles Heon to Take Charge of Sherwood at Bay City—Other Changes in Myers' Office Force.

Charles Heon, who for several years past has been connected with the Myers hotel in this city, has resigned to accept the management of the Sherwood hotel at Green Bay. Mr. Heon has many friends in the city who will be sorry to see him leave, but glad of his promotion. His resignation has caused other changes in the office force of the local hotel. Allan Welch, who has been night clerk, becomes day clerk, and Mr. McSamara, who was night clerk here some five years ago, has returned to accept a similar position. In the buffet, John Ward has resigned to take over the management of the West Side rink, and his place has been filled by John Conley of Chicago, a former Janesville boy who has been employed at the "Parlor Car" in the Windy City for five years.

Ripon Football Team Here: The Ripon college football team stopped at the Hotel Myers last night. They arrived here too late to take the ten o'clock interurban car and did not care to wait for the next one before taking a rest after the trip.

"THE RELIABLE JEWELERS."

Your Modern Duties Demand That You Have a Telephone in Your Home

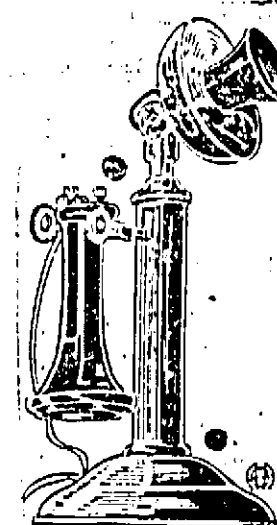

You have so many more things to do, in a day, than you used to that it is almost impossible to get along without a telephone in your home--and office, or store.

Do you realize what a great convenience the telephone is? If you have one and tried to do without it for a month you would quickly learn how necessary it is, how impossible to comfortably get along without it, what a time and money saver it is for you.

For Utmost Service the Telephone System Must Have Subscribers

The Rock County System Has Double The Number of Its Competitor.

To reach your friends, your grocer, druggist, jeweler, tailor, dry goods, confectioner, bank, lawyer, dentist, doctor, blacksmith, liveryman, garage and newspaper you must use the Rock County System. Many of larger business firms have as many as three Rock County phones in their place of business for your quick accommodation. There are scores of business places who have the Rock County phone exclusively. The entire City of Janesville and Rock County are criss-crossed with a veritable network of wire and phone of the Rock County System. That is WHY the ROCK COUNTY SYSTEM is of GREATEST VALUE TO YOU.

Telephoning To The Country

The City and Country are bound together by the Rock County Telephone Lines.

The farmer and his family use the rural telephone constantly calling up each other and surrounding towns on all sorts of matters and for all sorts of supplies and information.

City people also find the rural telephone of great advantage. They can talk with farm folks miles away. Without the Rock County Telephone System they could not reach them. There was a time not many years back when it was impossible to get in telephonic communication with farmers anywhere in Rock County. No farmer had a telephone. The Bell monopoly rate was \$5.00 per month which was prohibitive and no farmer could afford a telephone. The Rock County Telephone System is responsible for bringing about the reversing of conditions in this field and giving the farmer a phone for \$1.50 per month. If it wasn't for the Rock County System things would go back to their old standard again. Get the idea? We have over 300 farmer subscribers and are adding more every month.

You Can Use the Toll Lines Fre- quently at Small Cost

You can call Smith at Edgerton, Clinton or any other toll point, get your word to him and close up the matter instantly at the trifling cost of 10c, excepting Brodhead and Beloit, the rate being 15c and Monroe 20c for 3 minutes. You can talk to Footville, Evansville, Edgerton, Clinton, Milton, Milton Jct., Orfordville, at 10c for 3 minutes. It's worth several times that cost in most important matters. The growth of the toll business of the Rock County System is in keeping with the constant increase on the subscription list; the public like to be able to call Long Distance from their homes and appreciate the favorable way which the lower rates and longer talk period operates for them. You can talk one-third longer and save one-third the price when you use our lines.

Trouble With The O's

Indistinct or erroneous giving of numbers is the cause of much annoyance to telephone subscribers and waste of time to all concerned.

Ciphers are a frequent cause of trouble. If you are calling Blue 600; don't say G-two o's, but 6 double O. You can see the G-two o's can be easily confused with 6-2-0.

You Can Have a Rock County Phone In Your House For As Little As \$1.00 Per Month

We're the pioneers of the low telephone rate in Janesville. We give you the utmost in service, because we reach nearly everyone you could want to reach in this vicinity. Isn't the inference that a Rock County Phone is for YOU?

MISS HELEN QUEZADA

POSSE KILLS LOVE MAD SLAYER.

San Jose, Cal.—A passionate though undoubtedly secret love by a simple platenman for a millionaire high above his station socially; the jealousy and maddening rage of this same man when he discovers that his love is not reciprocated and that he is about to lose his life's ambition; the shot fired at the girl in a moment of temporary insanity; the organization of a posse which shoots him as he attempts to defend his life; sums up the story of a western romance so dramatic that it sounds more like fiction than life.

Beautiful Helen Quezada, daughter of a San Jose millionaire, employed as hostess Manuel Garcia, a man of her own years, a stalwart platenman and one of deep affections and dislikes. Not only was he her groomer but her guardian and frequently accompanied her on shopping trips always on the alert for any one who might cast glances in her direction. It is now known that she too had more than a cold blooded business friendship with this man because of the fact that Garcia had photographs of his fair employee in his possession, and at least one postal card which the family has withheld from publication on the ground that it was of private matter.

When Garcia realized how utterly hopeless was his quest and sees fifty men constantly in her company, he knows that the ambition of his life though it may have been a secret ambition, can never be realized. In a moment of utter despair he shoots the girl who had meant more to him than life itself. The shot was not fatal and she will recover, but the citizens of San Jose formed a posse which gave chase in an automobile after Garcia, and when he was run down were forced to shoot him in self-defense, as he had taken a stand and would have shot off the captors until his life's blood was sucked away until, as actually happened, he was killed by a charge of buckshot from one of the posse.

Some day, perhaps, not far distant, the fair Helen Quezada will marry. The incident will be forgotten by the world, but the crime against humanity perpetrated by a love mad fanatic who in his love of the girl who had befriended him, can never be atoned for except that his death may stand out as a warning to other half-brained cranks of his same type.

Cover for Bathtub.
Many housekeepers spend a lot of time cleaning their bathtubs. Here is a way to make the work less strenuous: Cut a piece of unbleached muslin the size of the tub and round off the edges to fit it, a bias facing is then attached round the cover, and through this a piece of tape is run. When the tub is not in use the cover is put on and tape drawn tightly under the edge. It is easy enough to wash, and spares an incredible lot of wear and tear on bathtub.

Work of Chinese Barber.
The Chinese have no use for safety razors. As they have their heads shaved, which must be done by another person, they intrust to him also the removal of the scant hair on the face. For less than 4 cents a Chinese barber shaves a head in the prevailing fashion, combs, plaits and glasses the queue, removes wax from the ears and administers a light massage to neck and shoulders.

True Definition of Conceit.
Conceit is vanity driven from all other shifts and forced to appeal to itself for admiration.—Hazlitt.

New Whisk Broom.
The motorist who often has the provoking experience of having his clothes spattered with mud will appreciate the new whisk broom which a clever inventor has just brought out. In the handle there is a short, stubby brush made of stiff bristles. This will remove the stubbornest spots with a few strokes. One need not be afraid of wearing the material thin or frayed by using this brush. The other end is just an ordinary whisk broom.

Hint to Housewives.
A helpful hint to housekeepers, from the Manhattan (Kan.) Mercury: "Charlemagne is said to have had a tablecloth made of asbestos and used to clean it by throwing it into the fire to consume the dirt. The best asbestos has a fine silky fiber and can be spun in a thread that runs as high as 225 yards to the ounce. Why not buy asbestos clothing and do away with family washing?"

money brought by immigrants. Immigration regulations do not admit paupers, and the immigrants bring on an average \$1,300,000 to the port of New York each month.

WEATHER CONDITIONS.

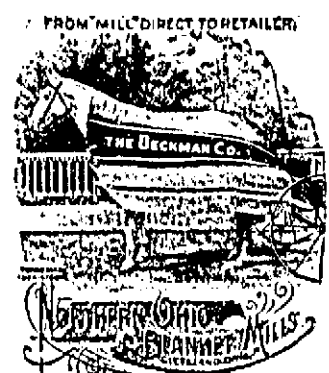

The weather of the country is now in a transition stage. The area of high atmospheric pressure, and cold weather, that swept over the country from west to east during the past week is moving off over the Atlantic, British Columbia, and by rising temperature is followed in the northwest by an incursion of the plains. For this vicinity the indications are that the weather will continue unsettled and cloudy tonight and Sunday. The temperature will continue rising.

First Publication of Names in the Great Automobile- Piano Prize Campaign

Popular Event Inaugurated by The
Gazette Meets Approval of All—
Scores of Nominations Received
—Every Territory Represented

1912 Overland Touring Car to be Given

Also Three Schiller Pianos, Three Dia-
monds, Three Scholarships and Three
Watches—Anybody Can Enter—
No One to Lose

Today the list of candidates that have been nominated in The Daily Gazette's great automobile prize campaign is published for the first time. Every neighborhood in the territory embraced is now represented by one or more popular ladies, and the large number of nominations received during the past week is assurance that a popular chord has been struck in the inauguration of the great event. If your name is not included in the list, send in your nomination at once. Although some ladies may have done remarkably well for the short time since the first announcement of the campaign, no one has gained any advantage as yet, as far as an early start is concerned. The campaign is entering on its second week and will not end until December 23, 1911. This list includes all names received up until 9 a. m. today. A number have been received since then from all districts, but it was impossible to publish them in today's issue. These are to appear Monday. If you have been remembered by your friends and your name is included in this list, it gives you an opportunity to win one of these beautiful prizes offered.

Do not get discouraged because some one else has a few more votes than you have—this is just the beginning and a little effort put forth on your part will put you to the head of the list.

The auto winners are the candidates that pledge the assistance of their friends and organize their campaigns. Study the page and in Wednesday's issue and should you desire any additional information, name can be had by writing or telephoning the campaign manager, and he will write you. The standing of the candidates will change daily as to the number of votes they receive.

Remember, candidates of one district receive the assistance of friends living in another—they can get votes or subscriptions in any district.

See your friends and have them vote for you and—be a winner. Information on the campaign. No votes will be counted for payment after than those scheduled. Any employee of The Gazette or member of his or her family will be permitted to participate in this campaign as a candidate.

In case of a tie, prizes of equal value are given to each of the candidates involved. Candidates and their friends are not confined to their districts. They may secure subscriptions anywhere. By the filing of votes all candidates must accept and agree to all conditions.

Any question that may arise between candidates will be determined by the campaign management, and its decision will be absolute and final. Anyone who was taking The Gazette at the time this campaign started will be classed as an old subscriber. All others will be classed as new subscribers.

A subscription will not be counted as new if it is simply transferred from one member of a family or household to another. The right is reserved to reject the name of any candidate for cause. The campaign formally opened October 30th and closes December 23, 1911.

All candidates are credited with 25 votes. Those who have balloted more will receive credit in Monday's standing.

Purpose.

Did you ever hear of a man who had striven all his life faithfully and steadily toward an object and in no measure obtained it? If a man constantly naps, is he not elevated? Did ever a man try heroism, truth, sincerity and find that there was no advantage in them—that it was a vain endeavor? —H. D. Thoreau.

Know Yourself.

The first step toward knowing life, knowing business and testing the value of opportunity is to know ourselves. Fully 90 per cent. of all business education is objective in character. It deals with every condition in life except the one most important factor—ourselves.

Put Away Idea of Failure.

Learn to speak the language of success. Think success. Never talk failure, because failure is nothing—simply the absence of success. The more you know about the world and its people the bigger you will become unconsciously you will assume the dimensions of that of which you are a part.

A Thorough Modern Musical Education for the Entire Family Goes With Every Piano We Sell

If you will drop us a postal card, or call at our Piano Parlors, we will explain all about this Thorough Modern Musical Education that you can obtain when you purchase a piano of any make we sell at our rooms. This course in music contains instructions which the average teacher does not and cannot give. We absolutely guarantee perfect satisfaction to everyone. We have heard many say that they would buy a piano but the music lessons in time will cost us for our family more than the piano and we can't afford it.

Right here is where our Thorough Modern Musical Education comes in for one or more pupils in the family. One lesson every week for one year and to continue the second year if you so desire.

We have made arrangements with the Northwestern School of Music to give you a Thorough Musical Education for the Entire Family. Our teacher comes to your home every week.

The first important step to take to obtain this Musical Education is to come at once and select one of our fine pianos. Our pianos are classed with the best, regardless of name. Our ambition is to sell you Pianos of Quality rather than the cheap, inferior pianos of twanging tone. Our pianos are all new and come direct from the manufacturers and are ordered with a special request to be pianos of Quality in tone, action, finish, with great durability, and are sold with an ironclad guarantee to be as represented.

Our pianos range in price from \$175.00 to \$500.00 in upright and from \$550 to \$1000 in small and large parlor grands.

Our Player Pianos Range in Prices from
\$375 to \$750.

Our pianos as well as our player pianos speak in grander tones than we can for them. Call and see us before you buy elsewhere.

Garland Stoves Meet Every Demand Made Of Them.

GARLAND HEATERS

There is no demand which can be put upon a stove that will not be met by the GARLAND.

No matter what the room to heat, the GARLAND will respond, and do the work.

It is constructed along the lines of economy in fuel consumption.

The finish is equal or better than that of any other stove on the market.

It has satisfied over 4,000,000 users in the past 40 years.

GARLAND RANGES

The GARLAND range is made in all sizes, and will fit any home.

The GARLAND range is the most extensively sold and popular stove in the world, because by positive test of years they have proven to be the best.

The GARLAND is guaranteed by the manufacturer and dealer, and will operate perfectly, and with proper care will last a lifetime.

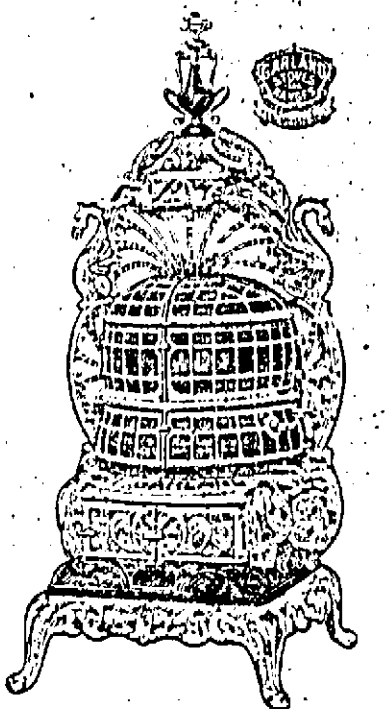

GARLANDS are the best to buy.

Before buying your Heating or Cooking Stove this Fall be sure and look over the GARLAND.

SPLENDID EGYPTIAN ROBE.

This is the day of Fall openings and the windows along Fifth avenue are dreams of gold and glory. The dominant Oriental note of the season was particularly insistent in the ravishing robe of splendid glistening gold and gold changeable silk which I observed, at an exclusive importer's, color and cut alike breath of the hand of the lotus, and the pattern worked out on the white velvet under skirt in grey and gold was distinctly Egyptian. About the neck was a band of rich embroidery on cream net in tones of gold and grey with touches of Indian red beads and sapphires jewelings. Stretched cordings ran across the bust in an unusual motif arrangement, terminating at the right side in a splendid jeweled and embroidered ornament with pendant gold cords in Newfoundland Leads.

torwoven with Indian red and a tassel of gold cord and beads. The sleeves which were of an odd open cut were lined with deep sapphire blue satin and a plume of the same material also outlined the band of embroidery about the neck.

Down the side front ran a border of shank fur caught some distance above the knee with another of the embroidered ornaments. The train swept out from the left side back in a long, sharp, point edged at the outer side with shank fur. This drapery was caught at the side to the skirt. With the third of the gorgeous ornaments used upon this costume. An odd feature of the embellishment of the white velvet under skirt was seen in the application of gold and grey paint in the execution of the delicate Egyptian design.

An Unwelcome Period.

Every man dreads the day, when people who are no kin to him will begin calling him uncle.

FORTY YEARS AGO

The Janesville Gazette, Nov. 4, 1871. To the Editor of the Janesville Gazette, I noticed in the last evening's Times a communication from Pense, of Marquette, in reference to Mr. Graham and the Johnston railroad bill. If the people of this city were aware of the utter villainess of Pense it would only serve them to greater and more determined efforts to secure the election of Graham over Anson Rogers. I know Pense well, and he long ago ceased to have any verities, and he is the vilest scoundrel in the state. He delayed almost during the war was the diplomat character. I heard Pense say last winter in Madison, while speaking of Mr. Graham and the Johnston railroad bill, that he would do anything and everything pertaining to the bill, that he could do to injure Mr. Graham in the eyes of the citizens of Janesville. It was eminently fitting and proper that such a specimen

of rascality, rottenness and villainess should come to the rescue of the copperhead candidate for the assembly in the city of Janesville.

Yours, etc., W. H. TRIPP.

Nov. 4, 1871.

The Kenosha Telegraph learns that parties have leased a large tract of land between that city and Racine, which is known to contain iron ore, and will shortly commence mining operations, on a large scale.

There are 732 more males than females in the population of Washington county.

Not less than 15,000 barrels of cider will be manufactured in the city of Fond du Lac the coming season.

NOT IN THE GAME.

If you've an enemy to slip,
Whom you would like to disappear,
Just take him on a hunting trip,
And then mistake him for a deer.

Find another hunter.

Reminiscence.
The boy betthought himself of a great many remarkable things which were not taking place all about him. And right shrewdly. "For these," quoth he, "with wisdom beyond his years, 'are what one need be prepared, fondly to recall in one's old age.'—Puck.

Child's Request.
Bobby's aunt had often brought him some tiny chocolate mice, which he liked very much except for their size. One day he sidled up to her cooing, and said: "Auntie, next time, you buy chocolate mice, won't you please buy rats?"

Legislatively Expressed.
"No one can go wrong if he follows the Ten Commandments," said the sincere citizen. "Yes," replied Senator Sarghram, "the only trouble about the Ten Commandments arises from the amendments people try to tack to them."

Still a Woman.
Tillie Clinger says that although she is naturally strong-willed and self-governed, practiced in restraint and poise, if a rich widower were to get down on his knees to propose to her she is afraid she would fall on hers and thank the Lord.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it is swollen, and it is entirely closed, and the air cannot pass out and the ear is deaf. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE THEATERS

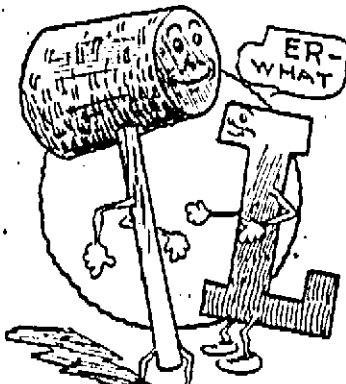

DOCKSTADER'S MINSTRELS.

The many lovers of minstrelsy will be gratified to learn that Low Dockstader and his Great Minstrels will be seen at Myers Theatre, Wednesday, Nov. 15. The only one Low Dockstader, and he is "king of the minstrel world." No Don Carlos has yet arisen to dispute his claim or to present to sovereignty in the realm of burnt cork where Dockstader holds sway as the undisputed monarch. His conceded individuality and his unique personality, coupled with gentility and magnetism, are attributes which have made his name familiar as household

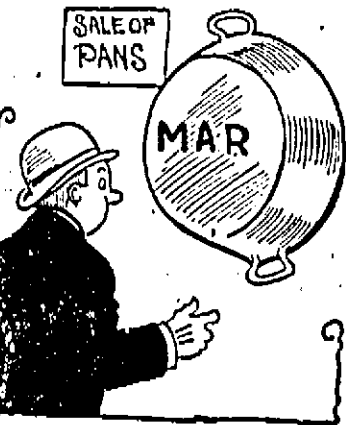

in success. But on pure, unadorned fun, natural and true to life, and at the same time introducing musical numbers that serve to add to the evening's amusement without clogging or otherwise interfering with the plot of the play.

The author has handled the situation so cleverly as to provoke roar after roar of laughter from the spectator. The idea is excellently carried out by the entire company's admirable acting. Of course, before the first act is over every one who shouldn't be there drops in and starts the fun. The pace becomes so fast and furious that

manner born, Sousa voices, as no other native composer has ever done, the strength, dash and buoyancy of the American spirit. A man of wide musical knowledge, discriminating judgment and education for the field he has chosen, Sousa and his band will be heard at Myers Theatre, Saturday night, November 18.

words and have won for him a popularity which extends from ocean to ocean. Mr. Dockstader has, during his long professional career, succeeded in elevating negro minstrelsy to an artistic plane and in rescuing it from the humorless, which pervaded it a generation ago to the highest standards of popularity and appreciation. Low Dockstader has the happy faculty of gathering none but the best of minstrel talent to march under his banner. Consequently, the theatregoers

at times it is almost impossible to follow the dialogue; but at the end everyone is satisfied with the manner that Fate has dealt with them, and when the last curtain descends it leaves the spectator in the happiest frame of mind possible.

A metropolitan cast of comedians and the famous "Taxicab Chorus" has been secured by Manager Under, of the Charles M. Baker Amusement Company, for this production.

of this great country feel perfectly assured to a first class entertainment wherever they see the Dockstader banner unfurled to the breeze. The singing contingent of Dockstader's minstrels is one of the features of this year's entertainment, including such artists as Bob Albrecht, Manuel Roman, Samuel Gillett, Master Leo, Henry DeCone, Roy LaPearl and Don Ferrandou. The musical numbers have all been specially written and are of exquisite beauty, particularly the ballads. The comedians include, beside Mr. Dockstader such well known people as Neil O'Brien, "Happy" Smully, "Lee" Connelan, John Pals, Peter Dezel, and a number of other artists of burnt cork fame. "The Conservatory of Melody and Laughter," is the title of this season's first part, which is said to be the most pretentious ever offered in minstrelsy. A splendid band and orchestra, under the personal direction of E. V. Capron, is one of the features of the organization.

"MERRY MARY."

It would require a clever dramatist indeed, to properly handle the situation that is found in "Merry Mary," and present it in the clever way that it is portrayed in the version that is to be produced at the Myers Theatre Tuesday November 7.

Unlike many of the musical comedies of the day, the author has not relied on the suggestive or vulgar side

"PAID IN FULL."
Ashton Stevens, in the New York Journal, had this to say on his first production of the now famous play, "Paid in Full":

"Paid in Full," the newest American play by the newest American dramatist, Eugene Walter, held an audience breathless during many moments of its production at the Astor Theatre last night.

"It is a straight-going play. The only thrill is humor, and most of this welcome quality springs naturally from the structure of the play and the disposition of the characters.

"There are a play and performance absolutely representative of contemporary drama and American acting, and it is my opinion that the managers, the Wagenhals and Keper Company, will be paid in full."

"Paid in Full" will be seen at Myers Theatre, Saturday, Nov. 11, matinee and evening.

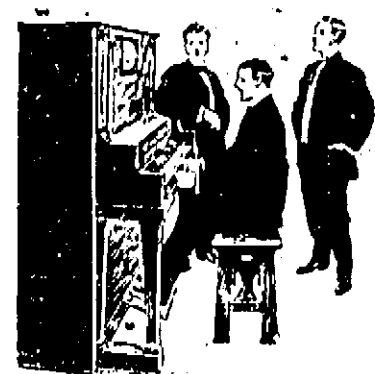

SOUSA AND HIS BAND.

It seldom falls to the lot of any musician, no matter how gifted, to impress his individuality upon his time and to command success and popularity through the sheer force of his genius. Such a man assuredly is John Philip Sousa, the conductor and composer, for where in the entire broad domain of music is there found such another dominating personality? The product of our own soil and to the

Famous Inner-Player Pianos

Make a Gift (For Christmas) That Includes Everybody at Home.

THE PIANO THAT EVERYONE CAN PLAY ARTISTICALLY

Who, in childhood, has not shared Jack's envy of the giant for his magic harp which played upon command whenever it was bid?

Who, in maturer years, has not envied the pianist his magic fingers, as responsive to musical commands as the giant's harp?

The Inner-Player Piano Makes the One Ideal Gift, Because:

It eliminates all possible occasion for envy in the one case as the other. No less marvelous than the giant's magic---no less wonderful than the virtuoso's art, it places the fascination of music at the disposal of all instead of limiting it to the enjoyment of the few.

There's No End of Jolly Times at Home If You Have An Inner-Player Piano

MUSIC always "breaks the ice," quickens the imagination and brings out the sociable qualities. You'll find your home sought by your friends and lonesome evenings becoming rare, because everybody likes to go to a home where there is plenty of music and lots of the good spirits that accompany it. If you want the best of all player pianos let us show you our Inner-Player.

FOR years and years The Cable Company of Chicago has meant as much in fine piano making as money, intelligence and unswerving purpose could make it mean. However, we see no reason why you should pay more, because we have a reputation, so you can get an Inner-Player Piano at a reasonable price and on easy terms with your old piano taken as part payment. In buying one you will not have to tax your Xmas expenditure too greatly.

One Advantage of Wealth.
"Wealth has to do a heap of explaining" says Uncle Eben, "but it's easier to apologize to the public for being rich than it is to get the landlord interested 'cause you're poor."

Simple Remedy for Hives.
A simple remedy for hives and one which is usually very successful is this: Every morning for three mornings and immediately upon arising take a cup of milk, in which has been stirred one tablespoonful of bicarbonate of soda and a half teaspoonful of flowers of sulphur; for a child a teaspoonful of the soda is sufficient and in either case the sulphur may be dispensed with, as the main thing is the alkali to neutralize the acid stomach.

Why He Missed Them.
This Kafir story is true. A Christian Zulu-Kafir was heard recounting to another Kafir a vision of heaven which he had had in a dream. "And saw you any Kafirs there?" inquired his listener. The teller of the story pondered awhile, and then "No," said he, "for I did not look into the kitchen."

The English Jokes.
The worst thing about the simple spelling is the English jokes it has provoked.

Life.
It is a good and safe rule to sojourn in every place as if you meant to spend your life there, never omitting an opportunity of doing a kindness or speaking a true word or making a friend.—John Ruskin.

Irrigation in Chile.
Chile is producing great harvests of cotton and other valuable staples by extended irrigation. Already about 2,500,000 acres of her territory are being treated in this way and about as much more of her land is available for the same purpose.

The Point of View.
The power of fortune is confined only by the miserable, for the happy impute all their success to prudence or merit.—Dean Swift.

First Love Is Best.
We never love truly except once, and that is the first time. The attachments which succeed are mere volitions.

First Requisite.
One of the first characteristics necessary to a woman that she may hand on her influence is that she shall be willing and glad to be herself.

The Prize Puzzle.
"Outsider"—"Who was elected in your city last time?" "Citizen"—"We don't know yet. We're having a guessing contest about it now."

Make Use of It.
Some weak people are so sensible of their weakness as to be able to make good use of it.

Putting Premium on Vice.
"A premium is put on vice," observes the Philosopher of Folly, "because most people prefer a bad man to one who is merely lazy and harmless."

Kerosene a Good Cleaner.
Kerosene in hot soap-suds is fine for cleaning paint and also "hard finishes." Use about two tablespoonfuls in a pail of water. Be sure that you keep soap enough in it to cut the oil. It is also good to put a little in water you wash windows with.

Poor Squires.
A very large proportion of the land-owners of this country are poor men who manage to keep going only by the very strictest economy; or by gradually creating charges upon their estates. The average squire is now the least "extravagant" man in the country.—Estates Gazette (Eng.).

Be a Booster.
Be a booster, not a knocker. You know, without telling, which of those two your highness, yourself, prefers to have.

Justifies Nursery Rhyme.
The school children of Germany are taught to swim without the use of water and thus does an old nursery rhyme secure justification.

Plain Truth About Diet.
Two things are pretty well agreed upon by the best authorities; namely, that a mixed diet is best, and that more trouble comes from over-eating than from eating many things, though either fault is bad enough.

Oddity in Advertising.
An Australian settler who wanted a wife to share his hard lot in the wilderness inserted this abbreviated advertisement in a Sydney newspaper: "Bettler, ab. 30, stout, farm, wd. mar. girl past 21, fond outdoor simple life; not afraid of 3 years rough fr. saks make conf. home. W. Mr. Shingle, G. P. O., Sydney."

The Servant's Complaint.
Servant (listening at the keyhole to a great quarrel between her master and mistress)—"Goodness gracious! What a noise! They must think I am deaf!"—Stegendorfer Blatter.

The Influence of Music On Our Lives

Do you crave for the good old songs of heart and home that bring to you the memories of days gone by? Do you want some inspiring band music to set your feet and heart a-patter? Do you desire the pleasure of having the greatest opera stars at your command—of having repeated the gems you may have heard, the arias which impressed you with their sublime beauty? Or would you rather hear some favorite gospel hymns to soothe you with their tenderness or stir your soul with their power? Or perhaps you may want something to make you laugh, for humor is a divine thing and helps us along as well as high faith.

You have only to wish for this music to actually hear it, in these days of the Victor.

It is twilight of a quiet Sunday afternoon. The hush of the day, the thinking of distant vapor bells and the flutter of birds coming home to nest, all suit the mood of Sabbath rest and meditation.

Perhaps it is little Marie who goes softly to the Victor and starts the solemn strains of "Lead, Kindly Light." The voices of the Haydn Quartet dwell lovingly on the words which meant so much to Newman, which have meant so much of devotion and hope to many souls after him. Now they blend in a union of holy resignation, and now the bass comes out stronger, reassuring and dominant.

If over "true religion and undelivered" found lyrical expression it is in this hymn—and if over a great hymn was faithfully recorded, it is here.

You can feel the springs of your own devotion swelling up, memories of holy moments that are past, and the beauty of the soul that leans on and trusts in the Almighty. You will not wonder that this has been the favorite hymn of so many brave, believing spirits.

Victor Single-faced Record 97. Ten-inch, 60 cents.

Swinburne said he pitied anyone who died without reading certain passages in Tasso. We pity anyone who lives without hearing Tetravzini sing that matchless gem from Traviata—"Ah! fors' o lui," Verdi, the king of Italian melody, wrote nothing more sweet, more tender, more melting in the richness of its feeling.

Violetta, the sin-laden "lady of the emmellias," perceives in an instant that the man is come who can rescue her soul from shame and draw her into the paradise of pure love. The drawing light of true love shining thro' the poisoned shadow of her old life is expressed with poignant tenderness, and the love-motif swells and throbs into a sublime burst of song, the cry of the soul that has found its own. It is the kind of music that almost makes you ache with pleasure. Tetravzini in this selection displays both her marvelous technical ability, and her wonderful shades of dramatic interpretation.

This Victor Record alone would make it worth while to own the Victor.

Victor Red Seal Record 88293. Twelve-inch, \$3

It is only a matter of the choice of records, and in looking through the catalog of Victor Records you will find there is a variety of entertainment to satisfy every taste. And when thinking of Victor Records it should be appreciated that they are more than music—they are the foremost artists' conception of music.

They are not only the voices of the greatest singers, the art of the greatest musicians, but the best renditions by these famous artists in interpreting and expressing the works of the world's greatest composers.

Victor-Victrola XIV, \$150
Other styles, \$50 to \$250
Victrola, \$10 to \$100.

Here is a Victor Double-faced Record which has an exceptionally good piece of melody on one side, and a splendid bit of black-faced comedy on the other.

A "Big Brass Viol," by Stanley and the Peerless Quartet, is a really admirable piece of harmony, a sort of headliner vaudeville offering.

But more unusual is the skit on the other side—"Epitaphs, or Two Darkies in a Cemetery." Two darkies decide to go home through a cemetery because it is a short cut. The night is dark, but they manage to read some of the inscriptions on the tombstones. They found these inscriptions amusing and so will you, though perhaps you won't laugh as loud as they do. Finally the darkies get scared with ghosts and do exactly what you or we would do if we felt that way.

A good "talking" record now and then gives variety to a Victor program. You will not regret getting this one.

Victor Double-faced Record 16507. Ten-inch, 75 cents.

Of all this season's light operas none achieved a greater success than "The Pink Lady." Sparkling music and catchy words—you won't wonder at the furor over this opera after you hear "Gems from The Pink Lady." There are four sprightly selections, "By the Saskatchewan," "Oh, So Gently," "Donny Did and Donny Didn't," and "Beautiful Lady Waltz."

The first and last of these are probably the favorites. The "Saskatchewan" is a lively, lighthearted piece that bubbles and shimmers like the ripples on the river's own fair face. The "Beautiful Lady Waltz" is a more serious musical effort and you will want to try it with your own "beautiful lady" (or if you are one, with your wonderful man). It's the kind of waltz that just seems to glide you on, in dreamy spirals, and you forget that the room is crowded, and the floor slippery, and the night hot, and—oh, well, it makes you forget everything but just her.

A NEW ROAD TO HEALTH

ness and carrying a clear fluid (blood plasma). The purpose of this is to keep tissues fed and lubricated and act as exchange between blood and tissue.

Lastly, the Nervous System beginning with the central structure called the Brain. The Brain has a prolongation called the Spinal Cord. The Spinal

Card gives off thirty-one pairs of nerve trunks, that are scattered all over the body. Six minutes is this nerve distributed in that you cannot prick the body anywhere with a fine needle without striking a nerve filament. The Nervous System controls all parts of the body above enumerated; no action of any kind is possible without nerve stimuli. As the Heart could not beat, the Lungs ex-

pand and contract, the Stomach
 can digest its foods or the Kid-
 neys cast off poison without
 nerve action, you can see how
 true it is that THE BRAIN IS
 THE CENTER OF ALL LIFE
 AND THAT THE NERVOUS
 SYSTEM IS THE MOST IM-
 PORTANT IN THE HUMAN
 BODY.

INTERFERENCE WITH
 THE FREE TRANSMISSION
 OF NERVE IMPULSE OVER

THE PATHWAY OF THE NERVOUS SYSTEM, says the Chiropractor, WILL RESULT IN DISEASE. THIS IS AS TRUE AS GOSPEL, but where, let us inquire, is the interference most apt to be? Let us return to the skeleton. The Backbone or Spinal Column rests upon the Pelvis and extends upward, comprising the posterior portion of the trunk and the trailing pair of ribs on each

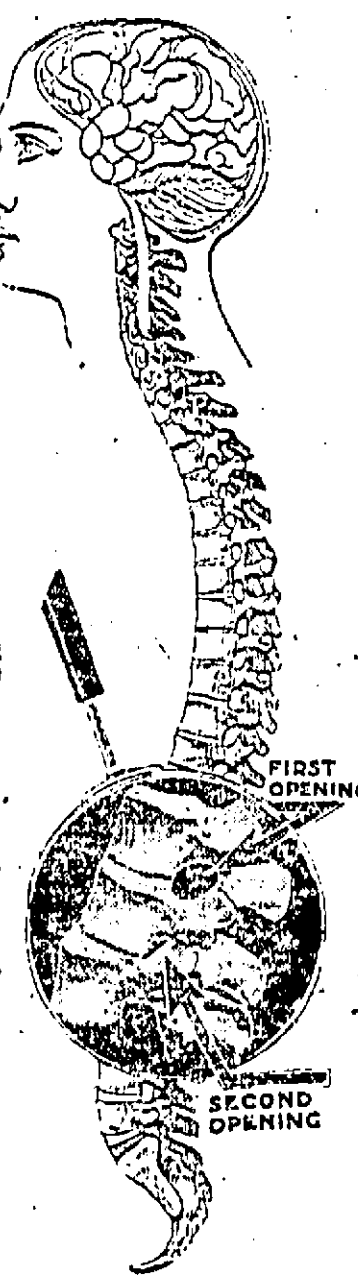

The twelve pairs of ribs are attached thereto and superiorly it supports the head. This Spinal Column is composed of twenty-six individual bones, twenty-four of which are movable and known as Vertebrae. Through the center of these Vertebrae there is an opening which extends the entire length of the Spine and known as the Spinal or Neural Canal. On each side and between each two

nd Vertebrae there is an opening
called the Intervertebral Foramen. The Vertebrae are separated one from the other by
disks of cartilage about one

fourth inch in thickness, which is elastic. The Vertebrae are also bound together by ligaments and muscles, but are freely movable, so that the body can bend and sway in all directions. Now let us follow the Nervous System.

prolongation, the Spinal Cord, which passes out at the base of the skull through an opening called the Foramen Magnum. This opening corresponds ex-

actly with the Spinal Canal extending down through the Spinal Column. The Spinal Cord, which is nothing but a bundle of nerves and cells, passes through this canal downward; as it descends it gives off thirty-one pair of nerve trunks, which pass out through the Intervertebral Foramina on either side. From here they are distributed to all parts of the body. These nerves, with their sheaths and accompanying blood vessels, entirely fill the Intervertebral Foramina, so that if one of the Vertebrae should move but slightly out of normal position it would cause pressure upon the nerve. A momentary pressure brought about by bodily movements would cause no harm, but a continuous pressure is another matter. HERE, THEN, SAYS THE CHIROPRACTOR, LIES THE SECRET OF NEARLY ALL DISEASE. Through a sudden fall, twist, wrench or contracted muscles these vertebrae are thrown out of position. This is called a subluxation. For a time this subluxation pressing upon nerve tissue may cause no inconvenience. Slowly but surely, however, the tissue or organ which should receive its nerve impulse from these nerves becomes weakened and suddenly there is Bright's Disease, Liver Troubles, Appendicitis, Consumption, Heart Disease, etc., etc.; etc. THE EDUCATED CHIROPRACTOR CAN DEMONSTRATE A SUBLUXATION OF A VERTEBRA IN EACH INSTANCE, and by a quick and peculiar ADJUSTMENT removes the pressure and gradually Nature will restore health to the organ or part.

SO DEFINITELY HAS THIS CLAIM OF CHIROPRACTIC BEEN PROVEN THROUGH THOUSANDS OF CLINICAL DEMONSTRATIONS THAT THEORY HAS BECOME FACT, AND FACTS ARE HARD TO DISPUTE.

Death will remain the inevitable sequel of Life, but an Adjustment of the Spinal Column, allowing freedom of nerves, will prolong Life and turn the agonies of disease into the joys of robust health.

A Subluxated Vertebra Causes Pressure on the Nerve, Interrupting Normal Nerve Stimuli. This Will Weaken the Tissue Organ Supplied, and the Result is Disease. A Chiropractor "Adjusts" the Offending Bone to Normal Position, Relieving Nerve Pressure. THUS REMOVING THE CAUSE, So Nature Can Restore Health.
